SHABRA Profile

- Since its commencement by **Rita Shah** and **Oliver Brady** in 1986, Shabra has built up a successful **plastics recycling, reprocessing, film extrusion and bag manufacturing business**. The success and growth of the company has been based on a high degree of innovation, incorporating our new self designed state of the art **Post Consumer Plastic Bottle washing and reprocessing plant** and its management and staff.
- Shabra is totally committed to promotion of recycling and reprocessing in Ireland, reduce waste plastics going landfill and help companies to reduce their carbon footprint.

Quality Control

Shabra are proud of their renowned reputation for quality and service.

- Our team endeavor to provide our customers with world-class manufacturing and recycling
- Accredited for an all in one certification – First company to achieve the following “3 in 1” in Ireland:
(1) ISO 9001 (2000)- Quality (2) ISO 14001- Environmental (3) OHSAS 18001- Health & Safety
- Currently working towards IS393 Energy Management System
