

COVID-19 Update

We are continuing to respond to, and mitigate against these uncertain times and the risks that it may incur to our businesses and our employees posed by Covid-19. We are working to protect our employee well-being and to continue trading with minimal disruption to our business.

We have a number of preventative measures in place which include the following:

- Restricted site access for outside visitors
- Any employee not feeling well have been instructed to self-isolate and not present for work
- Any employee returning from abroad must self-isolate for 14 days before return to work
- Increased hygiene stations throughout our site
- Continuously monitoring supply chains to ensure sufficient available materials to continue our operation
- In the event of an outbreak of Covid-19 on our premises we have the following in place;
 - Full deep clean of our site
 - Office based employees have now been enabled to work from home to minimise disruption to supply

Please note that during these times we may experience some delays in shipping orders to our customers.

Our phones are experiencing very high volumes of traffic so we therefore ask for any order be forwarded by email to orders@shabra.com

For account queries: info@shabra.com

For goods inwards: purchases@shabra.com

Kind regards
